

NEW MPQC-ACCREDITED SILO SAFETY TRAINING

Silo pressure experts Hycontrol now offer in-depth safety training courses at our Redditch, Worcestershire headquarters. Our recently-refurbished training facilities accommodate groups of 8-14 delegates with experienced engineers and trainers providing hands-on demonstrations. Lunch and refreshments are provided as part of an event-filled programme of learning.

Hycontrol's training programmes are fully accredited by the MPQC (Mineral Products Qualifications Council). A certificate of attendance is provided to each attendee, with the option of an official MPQC certificate which is a recognised CPD document.

We are now booking training dates for two separate course options:

BASIC SILO SAFETY AWARENESS

Basic half-day silo safety course (£75.00 per attendee + £25 MPQC certificate cost. Lunch included). Gives attendees the essential principles of silo protection:

- ◆ How a delivery works
- ◆ Consequences of failure
- ◆ Dynamics of delivery with regards to flow and pressure
- ◆ Interactive demonstrations
- ◆ Essential equipment required
- ◆ Overview of maintenance

ADVANCED SILO SAFETY AWARENESS

Advanced full-day silo safety course (£95.00 per attendee + £25 MPQC certificate cost. Lunch included). This course covers all the basic training elements listed above, plus:

- ◆ Detailed maintenance procedures
- ◆ A detailed explanation of how each item works
- ◆ Hands-on workshop for maintenance
- ◆ Detailed PRV maintenance
- ◆ Detailed filter maintenance
- ◆ Detailed service explanation

For further information on our silo pressure safety training course or to discuss booking a training day for your staff, please contact sales@hycontrol.com or 01527 406800.
